# Movie Description:

The movie “Parliament 2 the Lords” will be a story about the spiritual struggle of a young African American Male being pulled in several directions within his home, community, and while understanding his role in career issues when he becomes an adult. As the young brother did not have direct teachings of Buddha in his regular activities during his youth, he gets a copy of the Lotus Sutra and studies it mainly by himself, while coping with the conflicts of Islam and Christianity.

The community has been blessed with a musical group that brought a special spirituality to the dance floor in which a group of Brothers capitalized on the meaning of “the Mothership Connection” and the teaching of the earlier days of Funk addressing its impact on the community. Original settings required.

The complementary objectives of the movie efforts are to assist with bringing Islam, Christianity and other religions out of a war state. Too seek the true purpose of prayer and heal the foundation of humanity relations. Why some may consider this to be a tall order, the real question is why do the world have all these Temples, Mosques and Churches, yet the leaders have a difficult time of basically being honest with each other which creates other problems. Which may be the cause of hurricanes, floods and earthquakes. I.

**E. humanity's spiritual health and relations are too poor with our Creator.**

Your responds is rather interesting. Where there are only a few people who we contacted regarding said efforts. Kindly let me know if this is a final decision of yours or do you need a few days to review the information?

Thanks,

Hi James --

Seeing as you only very briefly spoke to me on the phone, please remove RFPUSA from any production or promotion materials. I haven't had a chance to look over this and I'm not comfortable with you communicating to others that RFPUSA is in support of this venture.

Thanks.

Krishna. Praise the Lord!

Thank you for your email.

I reviewed what you sent.

This impressed me as it is largely consistent with Hare Krishna teachings  
regarding the Holy Name:

from Earth Store Sutra, [Chapter IX: The Names of Buddhas](#):

“When people are on the brink of death, a group of their relatives, or even just one of them, should recite a Buddha’s name aloud for the people who are ailing. If they do, the karmic retributions of those people who are about to die will be dissolved, even offenses deserving Fivefold Relentless Retribution. Offenses warranting Fivefold Relentless Retribution are so extremely heavy that those who commit them should not escape retribution for millions of eons. If, however, at the time of such offenders’ deaths, someone recites the names of Buddhas on their behalf, then their offenses can gradually be dissolved. How much more will that be the case for beings who recite those names themselves. The merit they create will be limitless and will eradicate measureless offenses.”

In the Vedic literature, there are many statements praising the power of reciting the Holy Name of the Lord. This is the only process powerful enough to destroy all the bad karma for the crazy things people are doing in this age.

If there is a possibility the United Nations could encourage the world's nations and their people to call on the Holy Name of the Lord as is locally understood in a massive and organized way, then the bad trend resulting from colossal reactions to misdeeds could be destroyed and we could move in a good direction.

If the above is possible, I am interested in working with you to move in that direction.

Best wishes,  
Krishna kripa das

As per our conversation regarding the development of Our Movie Efforts:  
"Parliament 2 The Young Lords". First I want to say thanks for taking an interest  
in the project(s). Now if you are willing to listen and understand why the the  
following steps for getting the proper agreements for world peace efforts, we  
can make a difference.

If you feel that you can not work with us please let me know as soon as you  
make that decision so neither of us would be wasting valuable time.

As you may know there are some people at the United Nations who can move  
some of the objectives forward which would work wonders for us.

The first issue for gathering the proper support is the theme for the  
Interfaith community to work together on this effort. The theme is : "**We are  
(Very) concerned**" **About.....** as the opening line.

And we want to take realist actions to assist with making changes that can  
improve conditions globally.

the conditions we want to change are:

1. Reduce the foundation of the war mentality that is driving the economies.
2. To restore a harmonious foundation within the family of prayer.
3. To bring forth the importance of taking care of Mother Earth.
4. Have them change the structure for financing humanitarian services.

The platform to do this will be with several agencies:

United Nations: Religions for Peace: (<http://www.rfpusa.org>).

America Asian Cultural Center, Rutgers University:  
(<http://aacc.rutgers.edu>).

Several Buddhist organizations.

And of course some members of the Hare Krishna movement.

Please let me know if you want to step up to the United Nations.

Sincerely,

James R. Branch

Blessings, and may the understanding of what we pray and work for comes to reality with your good efforts.

As stated in the previous email we are working on the development of the movie "**Parliament 2 The Lords**"

[https://onedrive.live.com/view.aspx?cid=15CF520541C61284  
&resid=15CF520541C61284%211327&app=WordPdf](https://onedrive.live.com/view.aspx?cid=15CF520541C61284&resid=15CF520541C61284%211327&app=WordPdf)

the link for the story line contains issues of conflicts of our prayer houses and the basic question that I am seeking from the Hare Krishna group is "What Can / and or Should Buddha do now? IN regards to the health of our spiritual relations and efforts for world peace via said movie efforts.

I may be seeking a new sutra "**Healing Earth, Pure Land ~ Pure Water Sutra**" something similar in length to Earth

Store Bodhisattvas (<http://www.cttbusa.org/ess/earthstore1.htm>)

Where there are many issues to discuss we ask you and Brahma(s) to assist us with this effort.

As I have spoken with a young female devotee about forming a writing team, I look forward to speaking with in person to discuss said efforts.

Take care for now.

Blessings,

Dear Sifu,

As per several conversations I am working on getting the movie project together "**Parliament 2 The Lords**"

(<https://onedrive.live.com/view.aspx?cid=15CF520541C61284&resid=15CF520541C61284%211327&app=WordPdf&wdo=1> ) where you know that Martial arts is very much apart of my background and where its teachings is important and should be apart of everyone's life.

We need your assistance with the movie development for your enthusiasm regarding teaching the arts and to assist with some of the dialogue issue of Buddha's teachings related to issues of Chen's Tai Chi form 56 (<http://www.youtube.com/watch?v=eQytjv9QNBc>).

Where as the music for the movie is still under development for the introduction to Funk music we want to use the song Maggot Brain by Eddie Hazel as the background song while various martial arts students demonstrate the Chen Form 56.

Dear James,

Thank you for your kind note. I mentioned in my speech the book Children of Abraham

that is jointly written by the Jewish and Muslim scholars and is used by our organization and by the Jewish organizations for promoting dialogue between the two communities. I am enclosing the electronic version of this book for your use. I hope that answers your question.

You are welcome to visit me in DC at my office or write to me directly on my email address, if you want to communicate with me.

Thank you for being a responsive participant in the conference. We need to work together to create a culture of peace.

## Movie efforts support group

Blessings and how are you doing?

I am still in New York working on some issues of our value system. As per our conversation we want to develop the movie "Parliament 2 The Young Lords" with several objectives.

1. for education purposes.
2. community safety (reducing Black on Black crime).
3. increase the importance of religious understanding and the importance of prayer.
4. make at least 1 Billion dollars for our humanitarian efforts.

We will need the following to do so:

focus on the message "Parties to Clean Up Mother Earth" (would like the return of the 5 dollar funk parties).

Featuring the music of **Parliament Funkadelic albums Mothership connection (Live), Dr. Funkenstein, Aqua Boogie,** and **Funkentelechy** ( with the **Funkentelechy** album we want "**Flashlight**" to be made the most popular song not *Bopgun.* ).

In Plainfield, we need to reconnect with the High School and have some of the P funk bands play at most of their events. R. T. Funk Band and the other funk bands in Plainfield.

Members of Old School Connection should be able to assist as well.

We kind of want it as independent functioning organizations (businesses) with the same goals assisting with said efforts.

I have go to Washington DC to clear up some legal issues. I have been working on some delicate issues in New York for the past several years.

My cell phone number is 929-310-9644. Please send me a text message to let me know if you are willing to assist with the projects.

Thanks, James
